MENA Region is developing rapidly and is now taking a centre stage for hosting global events & conferences, and experiencing mega urban development. Efficient & effective growth in Public Transport & mass transportation system play a vital role to deliver such event successfully, and is significant constituent for people's mobility. This needs to grow in tandem with infrastructure development. We share the same philosophy of UITP in advocating to "Promote and defend Public Transport & sustained mobility solutions" in bringing together key stakeholders, decision makers & other international organizations for knowledge share and adopt best practices.

To meet Qatar's growing population and economy requires reinforced transportation systems that continue to link industries to markets and people to services. Under the wise leadership of His Highness the Emir, Sheikh Tamim Bin Hamad Al Thani, the Transport ministry was re-established in June'13 with a strategic vision to provide direction on how Qatar's transportation system will drive future sustainable economic growth and contribute to achieving QNV2030. The country is today investing heavily on transport infrastructure and such investments will be proven wise by achieving an effective integrated multimodal transportation system that will boost economy, enhance quality of life alleviating congestion and pollution besides providing vast employment opportunities.

This year's 2nd version of UITP MENA Public Transport for Large Events summit focuses on "Safety & Security for transportation in large events" and also we will be hosting "2nd UITP International Taxi Conference". There will be an opportunity to showcase your projects, ideas, models, innovation & technology solution in the field of mass transportation and for you to explore business opportunities besides meeting & networking with experts in the industry.

I welcome you all to come to Qatar and participate in the summit and take home a fruitful experience!

Alain Flausch

UITP Secretary General
Brussels - Belgium

Dear Participants,

It gives me great pleasure to welcome you at the 2nd UITP MENA Public Transport for Large Events Summit & Showcase and 2nd UITP Taxi Conference and Showcase. The event is being made possible by the joint effort of Mowasalat & UITP under the kind patronage of H.E. Jassim Bin Saif Al Sulaiti, Qatar Minister of Transport, Ministry of Transport, Doha-Qatar.

The program contains 14 Sessions covering Qatar infrastructure developments, Brazil 2014 FIFA World Cup experience, London 2012 Olympics lessons and other sessions covering safety and security of related to large events. The event will also share challenges of mass transport during large events, crisis management, reflection on past events and their legacy for the host country. Moreover sessions on taxis will cover regulation, technical specifications, new technologies and operational issues related to this growing sector.

The conference is also supported by a showcase over an area of 2000 sqm with participation from government entities and industry of Public Transport and Taxi sector.

The invited speakers are from Europe, South America, Asia and the MENA Region to share their outstanding achievements within the large events perspective and in relation with the taxi sector. Delegates can appreciate the genuine traditional culture of Doha and at the same time enjoy its dynamism and modernity. As the capital of Qatar, Doha has hosted Asian Games 2006, Cop18 UN Climate Change Conference 2012 and has been selected to host FIFA World Cup 2022.

I am fully convinced that this Event will provide you with memorable experiences in scientific knowledge, business opportunities and cultural encounters.

Khalid Nasir Al Hail

CEO, Mowasalat
State of Qatar

Under the wise guidance and leadership of His Excellency Mr. Jassim Bin Saif Bin Ahmed Al Sulaiti, the new transport Ministry is re-established in June'13 with a vision to provide direction on future transportation systems in the country for reaping long term sustained economic growth and enhance quality of life.

Mowasalat, as stakeholder under the Ministry is gearing up to meet with the rising demand & growth in the Public Transport & Mass transportation to contribute to improving the efficiency and effectiveness of the transport sector by providing best services embracing innovation & technology to achieve the Ministry's vision of "Highest level of community service", and progress in line with four pillars of QNV 2030. Through hosting this PT for large events Summit & Taxi conference, we aim & aid to engage with stakeholders and experts knowledge share to learn from the past and prepare for the future for a continued development & apply best practices for successful hosting of FIFA World Cup to leave a legacy and sustained transport solutions for the future.

UITP (International Association of Public Transport) will collaborate and extend their support with information & participation from its 3400 from 92 countries, acting as a global advocate of public transport and sustainable mobility, promoting innovations in the sector. We welcome the speakers, delegates and other invitees & participants to avail the opportunity and benefit from the congress sessions, showcase & networking.

Nasser Al Khanji

Executive Director
Support Services
Mowasalat
Doha - Qatar

Through hosting this PT for large events Summit & Taxi conference, we aim & aid to engage with stakeholders and experts knowledge share to learn from the past like London Olympics, Brazil FIFA 2014m Korea Asian Olympics 2014, mega cities with dense population like Delhi, Seoul, Shanghai &

Tokyo that have to overcome challenges of hosting large events while maintaining smooth normal life activities and prepare for the future for a sustained future development & apply best practices for successful hosting of FIFA World Cup to leave a legacy.

The Congress sessions will run parallel ohn "public Transport for Large Events" and "Taxi conference" addressing current and future challenges and best practices for a sustained mobility. Come and participate and benefit from the conference program & showcase!

Deliver Amazing
